What is MFS Token ?

MFS smart contract is verified on the polygon blockchain that is fully transparent and open source.

The code is backed by the polygon blockchain, feel free to take a look at the divine mathematics and logic, the code is open for all to see. So, as long as the polygon network exists so will the MFS Dapp.

Every transaction is handled by a piece of un-changeable blockchain programming known as a smart - contract.

Decentralised democracy has finally arrived.
